Jesus Christ is the True God And Eternal Life

But you, Daniel, shut up the words, and seal the book until the time of the end; many shall run to and fro, and knowledge shall increase.
Daniel 12:4

Go your way, Daniel, for the words are closed up and sealed till the time of the end. Many shall be purified, made white, and refined, but the wicked shall do wickedly; and none of the wicked shall understand, but the wise shall understand.

Daniel 12:9-10

TESTIMONY OF NONKOLISO NGELEKA

(Updated on 01 01 2024)

Before reading this testimony, we encourage you to read the important warning that we have made concerning testimonies. This warning entitled "Warning Testimonies" can be found on the website www.mcreveil.org.

Dear friends, we are pleased to share with you this testimony of Nonkoliso Ngeleka, a young South African woman who has spent nearly a dozen years serving satan, and has climbed up the hierarchy during that time. This testimony is very simple, and clean. Clean in the sense that she has made an effort to recount her testimony without mixing it with the abominations that we are used to reading in the testimonies of other people who practiced satanism.

This testimony is therefore simplified, quite short, but very rich. It confirms the teaching on **"Spiritual Warfare"** and on **"Discernment"** that we put at your disposal a few years ago. We encourage you to read it, and learn from it. We also encourage you to read our teaching on Spiritual Warfare and on Discernment if you have not read them yet. You will find them on the website www.mcreveil.org. May the Lord grant you the grace to get rid of all worldly things and to sanctify yourselves while waiting for the sound of the trumpet.

Beginning of Testimony

I greet you in the name of Jesus Christ. My name is Nonkoliso Ngeleka. I am from Nzimakwe, and I was a graduate in space for 12 years. I was born in 1988, I'm 22 years old. I worked in space from an early age; I climbed up the hierarchy as I went along. There are different ranks in space, ***there are devil worshipers in the churches that don't know that they represent the devil***, and there are devil worshipers that are capable of separating from their physical bodies to the spirit realm, I was one of those that separate from their bodies.

I started experiencing ***dreams*** in my sleep fighting like in the movies and prevailing in those fights in an urban area. The third day this dream reoccurred, I heard a voice asking me whether I wanted to be this way. I said yes and he said let's go. When we went, I separated with my body and a demon stayed with my body, and I went to work in space. When I arrived there, they gave me a code, and offered me blood, because ***you have to live on the blood of people to lose all human feelings, and behave like an animal***. There are numbers that represent each rank, the number three represents devil worshipers, six represents satanists, a satanist is someone who died a devil worshiper and is now living in the spiritual realm only, number nine represents satan king of demons, lucifer who was kicked out of heaven because of pride.

I worked in space. At first, we were sent to cause accidents on the roads, so that the demons in space can get blood to drink. There are chiefs that govern in each place, for example in Nzimakwe; they have their chief who is a satanist as I have already explained who is classified as a satanist. If he needs blood, we would have to cause an accident in that area. When we would cause that accident, ***we would come in the spirit and no one would see us, and we throw a ring in front of the driver and he loses concentration***, and the car would drift

off the road and people would die and the chief would get the blood. But we as new recruits didn't live off that blood. We were given that blood occasionally. **Chiefs live in rivers mostly;** they only go up to space when there are revivals and other church events.

Satan lives in the sea. We as juniors lived on the blood we suck on regular living people. We stand next to a person, maybe at the bus stop or somewhere and we start sucking it, **especially if you have one of our products. The victim would feel tired and a little depressed** and they may think that they are just having a bad day, but it is mostly because a devil worshiper is sucking their blood in the spirit realm, but the victim does not die. But if you are a Christian, saved and living a holy life, we couldn't suck your blood, if we try to do so, **the spirit of the Christian would intercede for him mostly by a hymn and I would burn.** Likewise, if we cause an accident with a Christian as one of the passengers, we wouldn't be able to drink that blood of people that died there, **because the blood of the Christian would damage the blood in that blood bank** and if we were to drink that blood, **we would be weak and unable to do our work.** Satan and the chiefs could not drink it either.

If a person is holy, that person does not use our products, g-string panties, those are our products, it was my duty to pronounce incantations and curses upon them, earrings, necklaces, nail polish, fibre hair extensions, whichever type, whether it is bonding or braid, **all golden things are products of satanism.** So if you use these things, even though you are saved, if we want to attack you, we would use our code, and if you were wearing an earring or you put it in your drawer, we would come and see the house protected by a wall of fire from God, **and we would scan with our code like you do at the till in the store.** That's because the earring or fibre hair extension in your possession has a code. And I would come in and do whatever I want to do to you. It happens that someone has holiness even if they use our products, but the danger is that you cannot be protected.

When we come to your house and you are protected, we can go up to God, because satan can accuse the brethren to God, **and we ask to get our product, whether it be an earring, fibre hair extensions, nail polish or whichever one of our products from the house.** When we come to your house in the spirit we would then do whatever we want to do to you. We take advantage of the fact that God is bound by His faithfulness and He cannot steal. We would ask Him how He would lock our product in and shield it with the wall of fire. That is where the danger is with using satanic products. **When we arrive we also take your holiness, little by little.** I would go and cast curses and incantations on the products, we would pronounce that whoever uses them must be lustful; and if you use those products, the curse comes upon you.

Whether it is jewellery, we would pronounce that users must be prostitutes and must be harlots and be disobedient, (prostitution in the spirit is not limited to selling your body for money, it may also denote behaviour and the way a person dresses), I worked a lot with those things. There came a time when I got a promotion because I had worked a lot with those things and I was successful and they added another digit on my code, because I passed the class of praying and pronouncing curses on hair fibre extensions, jewellery, and the like.

I was promoted to dealing with the church, when I was at that rank; I visited a lot of well-known Pastors. When I went to any church event, mostly revivals, I would carry three arm rings, and two finger rings. The three arm rings I would throw in the middle of the church, and the finger rings I would throw in front of the Pastor, one to the right and one to the left. If the Pastor prayed, the first ring would roll towards the church, but the second would roll back to me, and as I've explained that I would pray over the rings while they are still in production, ***pronouncing curses over it, inducing lust***. The Pastor would then see a beautiful girl, ***and if ever he meditates lustfully at the girl, he would lose his holiness***, because we all know that the Holy Spirit does not dwell in an unclean place, that's how we brought down the Pastors.

Other times a Pastor would be strong and resist us with the rings, we would use his wife. If his wife uses any of our products, the fibre would operate on them at night just like it does with any other user. ***The Pastor's wife would then change her doctrine***, if in the church jewellery was not allowed, she would then change and say that there is nothing wrong with jewellery, and the Pastor would also agree ***because they are married and are one in spirit***. I worked a lot on Pastors, and brought a lot of them down. When I have the Minister, he would then change, a Pastor that once preached that Christians should leave sin alone, he would now say that a girl can have one boyfriend, and he would say that a guy can have one girlfriend. He would change and say that ancestral worship is allowed.

Let me explain something, dead people are not demons, but they cannot do anything in this world anymore as they are awaiting their day of judgement. We would go to the graveyard and put our spirits to make it seem as though it is the relative, but it would be us. More especially if we see that you have a spiritual gift that would be to our detriment. We would then make you see your relative saying that you must be a witchdoctor or witch or a sangoma. When you start with that, you would then be introduced to snakes, a snake represents a satanist and satan himself. ***Five stars represent devil worshipers***. When you think your ancestors are communicating with you, they are not, it is us. We would come to the house where we are called by the incense and we would drink the blood they sacrificed to us. We would sleep in their beds and enjoy ourselves.

When somebody is about to die, I would be sent there to check whether that person has any holiness, and if they don't, we would write them down in our book, that when judgment comes, they would go and burn with us. ***We knew that we were going to burn***, we were told. ***Sometimes they would say that we must fast for 40 days, 60 days if a certain Pastor is to preach somewhere***, because there is nothing we could not see on earth. If it happens that you come a day short of the forty days, you would be chastised for that, because ***we were to come at that place powerful***.

I would then come first to that place and pronounce curses such as that people should not listen and that they should not repent, and that the chief of that place be not burned by the prayers. I would also go to space to protect him so that the prayers do not burn him, because if he would burn, you would see a drunkard being saved saying that Jesus is Lord, you would see a harlot getting saved and saying that Jesus is Lord, if you see things like that happen, then you

must know that the Pastor who is preaching prayed and the chief was burnt, and the demon moved even a tiny bit, because the duty of this demon which is chief is to sit on the residents of that place and surround them with demonic spirits so that they do not get saved and that those that drink alcohol should drink till they die, those that go to prison, die there, those that worship idols and ancestors should do so till they die, those that are harlots should remain like that till they die.

I was not working at the south coast, because I am from there, I worked at places like Durban and other places. When I was in space, I wasn't called by my name; they called me by my code. They would call me out by code to say for example that I must hurry and go to Swaziland, or Durban. **As the factory there had finished manufacturing earrings, I had to go there and make incantations over them before they go to the stores.** It was my duty to make incantations on them.

In another year I was sent to Ntuzuma, there was a Pastor there; I will not mention his name. I was sent to take his holiness. This Pastor was a real man of God, saved and his testimony was amazing. When I took his holiness, I was promoted. I became a graduate and I was then responsible for setting traps for the church. There was not a single thing that I didn't do at that point.

In space we use the Bible; we don't work with things that are not written in the bible. As the bible says that a woman should cover her head in church, we would change that and influence her not to cover her head. **As the woman is not covered, we would then accuse her to God** and ask Him how He can consider her His child because she is not covered in church. We would change what is said in the bible for instance that a woman must not wear men's clothing, **that's why we would put curses over pants that women wear.** We would curse them and influence them to wear them more so that they may not see the Lord because of their disobedience.

I worked a lot when I became a graduate, I wasn't dealing with the church anymore, I only came to make devil worshipers of that church and pass by. **Those devil worshipers do not know that they are devil worshipers because we would not separate them from their bodies like me.** But we would use them if they have our products that I have listed, they would start gossiping, slandering, always complaining, and say that Pastors are after money and the like. People even stop going to church because of these devil worshipers. I would then leave them to their work and go to other churches to get reports and come back later to see the damage that they have caused in the church. That person that we have made a devil worshiper, starts changing their doctrine, saying that there is no problem with trousers on women, faith is in the heart, it is not on the trouser. Then, they would be working for us unknowingly, because they would be representing us. **For the truth is clear that women should not wear trousers.**

So when they start saying that it is permitted to wear trousers, and they start saying that people with earrings must come and worship in a holy place and even do things in church, and that the person will learn and gradually get rid of

those things, when a Pastor says that people with boyfriends and girlfriends can come and lead worship or pray for people, then that Pastor belongs to us and is working for us. Let me tell you, when they say that they are going to quit sin, we would come and exert influence on them so that they don't leave sin, they keep doing it. We would make it more and more appealing, if for example a sister has a boyfriend, I would then influence that boyfriend to say that he is going to marry her. It is not because he is going to do it, we just want to make sure that you don't quit sinning and find it appealing until the return of Christ Jesus the Lord.

When I was in space, ***we had a big screen TV***; we could see everything that was happening on earth. We were counting, and we knew that Jesus could return any moment and everything that we were sent to do, we had done. Like HIV, doctors cannot find the cure, that's because they are in the flesh, but I am a witness today that HIV was created in space, so that the youth will die young without knowing the salvation of the Lord Jesus. Satan wants to have more people to burn with him. He is still continuing with his contest for souls that had him kicked out of heaven. So we made HIV and we then dispersed it in the earth. But this condition cannot be cured, whether it is cancer or tuberculosis, doctors will not find the cure, because Jesus is the only One that can defeat and cure something that was made in space. A person in the flesh cannot cure it. Only Jesus Christ of Nazareth can cure it. A person can be prayed for, if they believe, they can be cured. Sickness bows, because at the name of Jesus, all things bow, we also bowed when the name of Jesus Christ is pronounced, so the sickness also bows.

When I was a graduate, I was also sent to cause plane crashes, planes to Australia, Europe, or anywhere. When there is a plane crash, it is not because the pilot was at fault, all plane crashes I know were caused by us, we were sent, and there was nothing we could do about it, we were slaves, we worked even when we didn't want to and we were told that we would only rest when Jesus had come back. So in the meantime we must kill so that the chiefs and satan would get blood and also the new recruits that haven't started working. We also worked with Heads of States, Presidents, I won't mention the name of the president we caught, he is not a devil worshiper, but we were working on him every day. He passed our laws, he allowed prostitution, he allowed abortion, and said that children must not be punished. It was our plans that he agreed to unknowingly, because we could see that Jesus was about to come back. We used to send incantations to them every day and that the nation must be cursed.

We worked a lot in South Africa, as you can see abortion and other abominations, so that people will be concerned about democracy, but not knowing that Jesus is at the door about to come back. Jesus has to win many souls to Himself, time is almost up. An aborted baby is grown by us in space, save for babies that were not going to live anyway, and miscarriages. We grow them and we use them to destroy marriages, couples would fight over meaningless things, and divorces, separations and the like would result. These aborted children deal with that. The victims will oftentimes see a snake in the yard or in the house, it would be that baby. They would also cause fights within the family, cause sibling rivalry to the point of death.

In the last plane to Europe I crashed, there was a child of God, who was living a holy life there, so the blood that was spilled there was damaged because the blood of a Christian damages the blood that we need and if we drink it we become weak and unable to operate. That was my last plane crash. I had crashed many before and did all things for satan there and I was now collecting reports, and doing difficult assignments only at my rank. I was also responsible for bringing down the difficult pastors.

Let me come back to products: Lacoste is not one of our products, but when you wear one you are representing a satanist, because the crocodile is one of the animals we use to operate. If I want to do something, I would change into a lizard.

Five stars represent us as devil worshipers. Just as the youth in the church are known as the stars of Heaven and the light of the world, we too were represented by stars. So if you are wearing something with a star, satan will go up to Heaven to report you and say that this person is walking around the earth representing him and that the person loves him more than God. All stars and Lacoste and everything that has two feet on it, whether it be a t-shirt or pants, represents dishonour to Jesus who is coming back soon. So if you have that on you, you are saying that Jesus is weak. I do not even need to explain that a dragon represents satan. If you wear anything with a dragon, you represent satan and satan will go before God and laugh at Him saying that he is more powerful than Him because people walk around the earth representing him.

In the issue of codes, **barcodes represent Satanists**. As you can see, everything you buy has a barcode. We pronounce curses on the food, **this is why Christians should be acquainted with fasting**. All barcodes have 3, 6 or 9 which represent the spiritual realm. If it does not have 3, it has 6, if it does not have 6, it has 9. All these are satanic numbers. **Before the food hits the shelves, we would pronounce curses on the food.**

If you are a Christian and you are using traditional medicines and things prepared by witchdoctors and potions, then you are not holy. We would go and accuse you to God and say that you worship created things instead of worshiping the Creator. God said we must have dominion on plants and trees. **These things must not be our hope, but Jesus alone must be our hope**, and if you place your faith in that potion and not Jesus, you are sinning. Those potions have evil spirits bestowed on them by us or the witch doctors. We immediately write you in our books, because you belong to us.

Beloved, if you are not born again and saved, you will burn in Hell, guaranteed. When I was a new recruit I did not know that we were going to burn in Hell, but I later discovered. These are the last days and are additional because of his grace. We were working hard. The only thing that was left was the 666 registration that is going to happen. Because there were lots of devil worshipers caught in the churches and they were revealing secrets from our camp, we changed our strategy. Instead there will be numbers that will be considered secret numbers that the government will permit. If you have those numbers on your hand or on your head, then you will not go to Heaven, you will be like a devil worshiper, and your blood will be full of satanic codes. It was that

registration that was pending when I left. It can be done at any time just like the church could be raptured at any time, even as we speak. But we all don't know when, God has hid that from everyone.

When we have caught the revival pastors, we turn them into our agents without them knowing about it. They become devil worshipers, but they are not separated from their bodies. We put our spirits in them.

When people come for offering, we would pronounce curses on the offering in the spirit. The curse does not rest on the believer, but on the church. There is an offering called tithing, this particular form is very important to a believer. It is a tenth of somebody's earnings. ***We used to prevent people from paying their tithes.*** We would remind them of things they have to buy or pay for. We would then go and accuse you to God, saying that this person stole His money. We would tell God that this believer's needs are more important than Him. Satan would call you a thief, because you stole God's money and you did not pay it all.

I advise you that whatever you owe God, pay it, it's only a tenth of your income. Tithing protects you from accidents and helps keep you holy. ***It's very important that you pay your tithe first before you take care of your needs.*** You cannot skip a month and say that you will pay double next month. ***The skipped month represents a curse and can never turn into a blessing even if you pay double the following month.*** If you remember correctly, God gave up His only Son, it was not nice, but He did it so that you may escape Hell. You too must give to His work.

When a person is about to die, we would visit him. There are people that think that they will confess their sins and repent when they are sick and about to die. We would then go into them and make them a mute, and then they would not be able to confess their sins. You cannot confess your sins in your heart; you need your mouth to do so as when you are to be born again. You have to confess the Lordship of Jesus with your mouth.

If he dies with those sins in him, we would write him in our book and he would burn with us. The people who die with sins in them, these are the people we use when we come to their relatives. We use their bones in their graves to disguise and appear as the dead relative telling them to do all sorts of things, and the victim would do these things thinking it is in the honour of the dead relative, but it would be us. We would even place money in the back yard and appear to you as your dead relative saying that there is money in the back yard, so that people would believe that the dead relative is helping them out. This is how we make people believe in ancestral worship.

If you are a believer, we would also visit you; there are believers that fall in their last minute on earth; we would make them fall. At the last minute, they would want an animal to be slaughtered in their honour for the ancestors. We would immediately write this person's name in our book because they died having been defiled by ancestral worship. We would watch everybody before they die and others would fall. If you die in holiness, we couldn't use your bones to fool your living relatives. These are the ones that are going to be resurrected when Christ comes back.

When time went on, there was a pastor called pastor Chiliza from Mandawe. I started following him before I was even a graduate. When I graduated I was assigned to him because he was a tough one. He prays for people with HIV and they receive healing and can pray for a person in a wheelchair and they would walk again. We started telling people that he is a satanist and is using witchcraft to do these miracles and people would believe us. I was to be awarded with a Nissan Navarra if I would succeed in bringing this man of God down. When he falls, he would not stop preaching, ***we never discourage a fallen pastor to preach***, but he would be used by our spirits to promote compromise etc. ***All new born in that church would be in a trap***, because he would start preaching half-truths and whatever we feed him to preach.

When I arrived at the church, I sat at the back and checked out what was going on. I studied his life, because if I wanted to bring down a Pastor, I would first study him and search for his weaknesses at work or at home. Once, he had a revival in Sea View, I was still studying him then. He went around evangelising and I would tag along. In 2008, he had a revival in Fuscadale. That is where I studied him properly, and there was a wall of fire around him. If you are a born again child of God and you regularly fast, you are always protected with a wall of fire around you. I went behind him and went home.

Pastor Chiliza had a revival in Khushwini, and I was forced to get into my fake body, because it was near my home. My code was in my blood. I went there with my friend Slindile. She is not a devil worshiper and she did not know that I was a devil worshiper. She was infested with witchcraft spirits, and we were good friends. I was a hairdresser, and we had long hair extensions. I used to plait myself and she had the same hairstyle. Heed my warning when I say that hair fibre is dangerous.

When we arrived, we came before the man of God. We came by car with other brethren who did not know that I was a devil worshiper, neither did my friend. She was very rude and disobedient at home, that was because she was my friend and ***I was a bad influence on her***. We sat at the back and the man of God came in with his wife. When he entered, he said that there is an evil spirit here, he is also a prophet. My friend jumped and fell down and wanted to run away.

I loved my friend very much and we were arrogant; people in the car we came in were witnesses of how rude we were. I took my friend to the altar to be prayed for because I did not want anyone to touch her because we had so much pride. I was certain of one thing; that I am a graduate and I never get caught because I had a very high rank and I could even protect the chief who is a satanist from burning prayers and my code was in me.

In this particular day, Pastor Chiliza asked who was accompanying this lady that fell down, this was before he preached. I answered and told him it was me. He continued preaching, and he repeated his question and I couldn't open my mouth, the Holy Spirit in him had overpowered me. I couldn't even lift up my foot. He asked again and I couldn't answer. He then turned and said to the church "look at this". He then shouted FIRE, Jesus is a consuming fire, when he had said this, in the spirit I could see out of his eyes, mouth and hands poured out fire. I fell down, and the demons took me out of my body immediately and I went to space and the demon that occupied my body remained there.

When a demon is in agony because of fire, it would answer any question.

Most pastors do not know this, that if you do not burn the code out of someone's body, they remain a devil worshiper even after deliverance. Fortunately, he knew this and asked the demon for the code, and he burned it with the fire of God. As soon as the code was burned, the demons in space had no choice but to let me go. The demon that was in me went back to space. If he hadn't burned the code in my hand, the demons would have been able to call me again because I wasn't called by my name; I was called by my code. The last digit that I received upon my graduation came out with blood. After I was prayed for, I returned to my senses, I made a decision to get saved and I would testify all over the world. I trust in God because I have seen his power. I know he is more powerful than satan.

Before I forget, after the rapture, the world will not end. There will be a church that everybody will be forced to go to. I will not say the name of that church and it is already active as we speak. People that are not taken to Heaven with Jesus will be forced to go to this church to worship the antichrist, this church exists today. If anyone wants to go to Heaven at that time, they would have to be brutally murdered to get to Heaven and your family would be raped in front of you and the police will have no mercy. What I can say to everybody is that they get saved while there is still time. ***There will come a time where they would have to be murdered to get to Heaven.*** So I advise people to get saved now before this dreadful time comes. Take Jesus while his grace is still available.

I am a born again child of God, forgiven of all my sins. I will continue testifying and anyone that wants me to testify in their church are welcome. Some will not believe that I am delivered and some are still afraid of me, thinking I will suck their blood. My Jesus is faithful even though I walk in the valley of the shadow of death, I am not afraid. God bless you all and know that Jesus is about to come back soon to get His church. God is faithful, don't leave His side. Be careful of false prophets. Remain in the love of Jesus. I love you very much. I would like to thank my intercessors and all those who never doubted me but welcomed me and helped me and prayed with me. I also would like to thank the man of God Pastor Chiliza. God bless you.

Grace to all who love our Lord Jesus Christ with an undying love!

Invitation

Dear brothers and sisters,

If you have run away from fake churches and would like to know what to do, here are the two options available to you:

1- See if around you there are some other children of God who fear God and desire to live according to the Sound Doctrine. If you find any, feel free to join them.

2- If you do not find one and wish to join us, our doors are open to you. The only thing we will ask you to do is to first read all the Teachings that the Lord has given us, and which are on our website www.mcreveil.org, to reassure yourself that they are in conformity with the Bible. If you find them in accordance with the Bible, and are ready to submit to Jesus Christ, and live by the demands of His word, we will gladly welcome you.

The grace of the Lord Jesus be with you!
